

ORGANISER

Interfotoklub Vsetín is international photo salon with the longest tradition in the Czech Republic. It is organised by Culture House Vsetín and City of Vsetín. This prestigious event is open for amateur and professional photographers from all over the world.

PARTICIPATION

The photo salon is open for amateur and professional photographers from all over the world. Entries must originate as photographs (image-captures of objects via light sensitivity) made by the entrant on photographic emulsion or acquired digitally. By virtue of submitting an entry, the entrant certifies the work as his own and permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the exhibition. This may include low resolution posting on a website. The exhibition assumes no liability for any misuse of copyright. An entry may be rejected when the sponsoring organization or its agent, in its reasonable discretion, believes the entry does not conform to exhibition rules and conditions. Note: Entrants who indicate that their images may not be reproduced or used "will not be eligible for awards" or inclusion in audio-visuals of the exhibition "and could be subject to disqualification" by the exhibition sponsors

There are no restrictions as to subject matter except as outlined in the rules and definitions of specific sections, or specified by law in the country where the exhibition is held.

Images may be altered, either electronically or otherwise, by the maker. Artwork or computer graphics created by the entrant may be incorporated if the photographic content predominates subject to divisional restrictions. All final work must be on photographic film, or on electronic file, or on photographic or electronic print material, mounting excepted.

With the sole act of submitting his/her images or files to a salon under FIAP Patronage, the entrant accepts without exception and with no objection that the submitted images can be investigated by FIAP to establish if these obey to FIAP regulations and definitions even if the entrant is not a member of FIAP; that FIAP will use any means at its disposal for this undertaking; that any refusal to cooperate with FIAP or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, will be sanctioned by FIAP and that in case of sanctions following the non-compliance with FIAP regulations, the name of the entrant will be released in any form useful to inform the breaches of the rules. It is recommended to leave the EXIF data in the submitted files intact in order to ease eventual investigations."

The images, which were used last year in competition, cannot be use again.

An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of grey which can include pure black and pure white) OR it gives the impression of being a grayscale image that has been toned in one color across the entire image. (For example by Sepia, red, gold, etc.) A grayscale or multi-colored image modified or giving the impression of having been modified by partial toning, multi-toning or by the inclusion of spot coloring does not meet the definition of monochrome and shall be classified as a Color Work.
